What Will You Do?

Who Am I?

- God said to King David, “Gather the brightest minds in heaven, and develop a process to collect all the lost souls on the blue planet. You will need a living human child, Kirby Paul, to help you.”

King David did as God tasked, and returned to inform God. *“We have a plan father, but are you sure about the child Kirby?”*

God said, *“There are stronger children, but none can, or will, endure the suffering, and none will work as hard. They will become the child Kirby’s greatest strengths.”*

And so it began...

At the moment of each human's death, a profound change occurs. The pure white energy of the soul, the energy of God, given by God, begins a journey away from the physical bonds of the blue planet. The journey is the most important process all humans will ever deal with, yet many, many events can, and do, go wrong.

At the moment of death, each person will acquire the knowing of the universe, instantly. Each person will know and understand God's plan for them, and know intimately, if their choices made on the blue planet were congruent with God's plan. The depth of knowing will be frightening, as each person will understand instantly how their choices fulfilled God's plan, or fulfilled their deadly sins. Fear, true fear, beyond anything ever known, will make many souls recoil, as they understand how their years upon the blue planet were not lived for God, but for themselves. A host of other reasons will make many other souls recoil from the knowing, but fear, will be the strongest. It is at the point of recoil, the process of death breaks down.

Souls cannot re-enter their earthly bodies under most circumstances, and yet have recoiled from engaging the knowing, engaging, God. There is a very finite time period when each soul must enter the knowing and join God. If the time period is missed, if the soul misses their chance, they become neither part of the blue planet, nor part of the universe, and are lost, forever to be part of neither world.

Two brothers born to Irene and Bob, Dana the oldest, Rainey, the youngest, died as infants and became lost souls. Another brother, Kirby, born with raw empathic skills, the ability to feel the smallest vibrations of the blue planet, felt his lost brothers since very early childhood. A journey of over fifty years connected Kirby to the earth, to lost souls, to the universe, and ultimately, to God, to help find a way for his two lost brothers to transform their lost energy, and join God.

Mary, the virgin mother of Jesus Christ, prompted Kirby to chronicle the journey through letters to his oldest sister, Melanie. Within this book, within these letters, is a very rare glimpse of a human being on the blue planet, being trained with sacred knowledge to fulfill God's plan for his specific life. To say Kirby was successful would be the biggest of all understatements.

This was written with no edits and submitted to editor. Within 3 hours, I was clinically dead. It was the 4th or 5th near death experience. I KNOW, how the system works.

The first 3 ½ years of my life we lived directly behind a Catholic church in a small trailer court.

Two 6x6 fence posts behind the church, tall and strong, comforted me my entire life.

I called them, the Sentinels.

On the windswept South Dakota prairie,
at 3 ½ years old, I was immersed into two
very different worlds.

Page 9, three paragraphs...

Suffering is a human condition all humanity has in common.

My life would be brutal, but how I responded to suffering is what I will be known for in Heaven.

My father died when I was 14.

My mother remarried and moved to Gann Valley, SD when I was 15.

I moved into my brother's basement, to finish high school, but at 17 years old, during a solitary road trip to Ft. Meade, Sturgis, South Dakota, the course of humanity changed.....

What is Book About?

“Whispers of Maryam”

Kirby Paul Anderson, Author

An attempt to explain a lifetime of being an empathic:

The 1st letter was to my Doctor, trying to explain over 14 head injuries.

The 2nd letter was to my oldest sister, Melanie. It was the first time I stepped into the light.

For the first time, I went from just saying OK, to actively conversing. EVERYTHING changed.

Thirty some letters later, 372 pages, 201,774 words, I had sent all the lost souls of the planet to God.

What was the book really about?

PAGE 330, 4 PARAGRAPHS

The book describes in detail, how the system works. Anybody can do it...like riding a bike. To ride a bike across the nation takes training, stamina, and the willingness to endure pain.

God is waiting....for each and everyone of you to find your way to him.

To not do so...well, that is where free will comes in.

80 years is a speck of time, compared to eternity.

God designed each person, has specific life trajectories, and has the power to help with each breath...if you still the mind, and listen.

You are the only person that has your life. You are unique. Nobody can duplicate your experiences and feelings.

God's Timing

GATHERING OF LOST SOULS

From March 27, 2011 to February 17, 2016 God collected all the lost souls of the planet.

The number of lost souls were “uncountable”.

GLOBAL PANDEMIC

In 2019 the first outbreak of COVID-19 was discovered in China.

In January of 2020 the first cases of COVID-19 were confirmed in the US.

In January of 2020 the highly infectious, deadly, Delta Variant emerged in India.

There are currently 13 different variants.

GATHERING OF SOULS

As of May, 2021, the Institute for Health Metrics and Evaluation stated there were approximately 6.0 MILLION deaths worldwide.

What Will You Do?

Do not be afraid when
you die...fear will cause
you to be a lost soul.

Understand and embrace
the process....it will be
dark...you will leave this
planet.

Before you die, be honest with yourself. Identify your deadly sin and work on overcoming it every minute of every day.

Gather your family, friends, co-workers, and make a life-altering decision to still the mind, and connect to God.

God led me to this property to
build the *House of Anderson.*
Construction started in October
2021.

I am available to share this presentation with small groups.

We all need to publicly testify, to proclaim our faith, no
matter what denomination.

God is building an army....be a soldier, not one of the damned.

Thank You, Creator, For This Knowledge and Fellowship
